## About this Document

- This guide aligns NCTB content with activities from ABRACADABRA (<u>A</u> <u>b</u>alanced <u>r</u>eading <u>approach</u> for <u>c</u>hildren <u>a</u>lways <u>d</u>esigned to <u>a</u>chieve <u>b</u>est <u>r</u>esults for <u>all</u>).
- ABRACADABRA, or as it is more commonly referred to as **ABRA**, is a highly interactive, early literacy web-based tool that supports beginning readers through dozens of engaging activities and digital stories. The software addresses 4 essential skills: Alphabetics, Fluency, Comprehension and Writing.
- This document addresses the *Sounds, Letters and Words* (Alphabetics) section of the software.

Note: A separate guide for Storytelling Activities that targets reading fluency, vocabulary, and comprehension skills are to be taught outside of the 3-day plan. The stories in this program are from the ABRA software and address the 3 subskills as mentioned above.

## How to Use this Document

- Each lesson has 3 days/lessons that aligns the NCTB textbook (Unit-2 Alphabet and Numbers) with ABRA.
- The ABRA activity is outlined at the top of each day followed by an introduction/warm-up activity: with software and without software options.
- Learning stations come after the introduction:
  - **Group 1** is an in-software activity with an option for when the software isn't available.
  - **Groups 2** and **3** are out of software activities that are from the NCTB textbook, the <u>ABRA Teacher Resource Site</u>, or a hands-on activity.
- Review lesson are grouped by the following letters: A-E, F-J, K-O, P-T, and U-Z. These lessons also include an introduction to long vowels, vowel teams and the magic E rule.
- You may develop your own extension activities or homework related to the 3-day activities.

## Lesson 3: cC-dD

Day 1 (cC)	Day 2 (cC)	Day 3 (cC)
Animated Alphabet	Same Word	Animated Alphabet
	Ave	
Introduction/Warm-up	Introduction/Warm-up	Introduction/Warm-up
Software: Before playing the animation, point to the letter	Software: Model a few words that have C/c as a beginning	Software: Before playing the animation, ask the learners if

#### Day 1 (cC)

A/a and B/b on the alphabet line and ask the learners if they know what letter comes next. Then, select the letter C/c in the Animated Alphabet activity and have learners watch the animation once. Ask the learners to reproduce the repeating letter sound. Play the animation a second and third time before asking if they can recall any of the words from the animation.

<u>Without Software</u>: Ask the learners if they know what letter comes after B/b in the alphabet. Write the letter C/c on the board. Read aloud the following phrase: "Connie craved cream cakes and coconut cookies". When you read it a second time, point to the letter C/c on the board when you make the sound. When you read the phrase a third time, ask learners to clap when the C/c sound is heard.

Teacher Note: The letter C/c can be both hard and soft. For example, hard C/c is common and is found in words such as cake, call, and cat. Sometimes C/c makes a soft sound such as city, cinema, and cell. Notice that this happens before an I/I or an E/e.

#### Learning Stations

**Group 1**: In the software, learners select letter C/c and watch the animation at least twice. While listening to the software a third time, invite

#### Day 2 (cC)

sound from the previous lesson. For example: cat, cap, car, cake. (As noted for the letter B/b, be sure to stress the beginning letter of the word). In the software, choose the activity **Same Word** (level 1) and connect to the story "**When I Open my Eyes**". Ask learners to pay attention to the beginning sounds and give a thumbs up (same word) or thumbs down (not same word).

<u>Without Software</u>: Teacher says two words aloud and asks learners if they have the same beginning sounds using the pairs below:

- cat and ball
- car and ant
- cup and cake

#### Learning Stations

**Group 1**: In the software, learners work in small groups to complete the activity, alternating turns using the mouse. Go through the activity once doing level 1 and then level 2.

Alternative: Learners work with letter C/c <u>Image Cards</u> and <u>Word Cards</u> and match the word to the picture.

**Group 2**: Learners complete two squares from the <u>Letter</u> <u>C/c Placemat</u> activity.

**Group 3**: Textbook page 17, activity B (the C words).

#### Day 3 (cC)

they can recall the sound and letter name from the lesson earlier that week. Then ask if they can recall words they heard in the animation. Select the letter C/c in the **Animated Alphabet** activity and have learners watch the animation and clap when they hear the letter sound. Ask the learners to reproduce the letter sound. Then ask if they can recall any of the words from the animation or other words with that sound.

Without Software: Ask learners what letter comes after B/b in the alphabet. Then, the teacher says aloud the following phrase and asks the learners to reproduce the sound and letter name they hear for the beginning sound of each word: "Connie craved cream cakes and coconut cookies". Read the sentence aloud a second time and ask learners to clap when they hear the C/c sound.

#### Learning Stations

**Group 1**: In the software, learners select letter C/c and watch the animation at least twice. While listening to the animation a third time, invite learners to mute the software and try to repeat the phrase aloud.

Alternative: Learners write out the following text from the software in their workbooks and write the letter C/c in a different colour. "Connie craved cream cakes and coconut cookies".

Day 1 (cC)	Day 2 (cC)	Day 3 (cC)
learners to count the number of times the C/c sound is heard. Provide additional practice with new sentences, such as "Camelia's cat caught a crow" and "Cabir's cow carried his coat".		<ul> <li>Group 2: Learners complete the remaining two squares from the Letter C/c Placemat activity.</li> <li>Group 3: Textbook page 18, activity D (letter C tracing).</li> </ul>
Alternative: Provide learners pebbles to model capital and small letter C/c. For an extra challenge, ask learners to create A/a, B/b and C/c (both capital and small letters).		Teacher Note: Please review the placemats and other written activities to identify learners who may be struggling. If they are struggling, consider pulling these learners aside to
<b>Group 2</b> : On a large piece of paper with a capital C written, learners draw objects that begin with that sound. Example: cap, cat, car, cup, etc.		review concepts before moving on to the next lesson.
<b>Group 3</b> : Textbook page 17, activity A. For additional practice write/draw the following words on the board and have learners read them: cap, cup, car, etc.

## Lesson 6: eE-fF

Day 1 (eE)	Day 2 (eE)	Day 3 (eE)
Animated Alphabet	Animated Alphabet	Word Counting
Introduction/Warm-up	Introduction/Warm-up	Introduction/Warm-up
Software: Before playing the animation, point to letters A/a through D/d on the alphabet line and ask the learners if they know what letter comes next. Then, select the letter E/e in the Animated Alphabet activity and have learners watch the animation once. Ask the learners to reproduce the repeating letter sound. Play the animation a second and third time before asking if they can recall any of the words from the animation. <u>Without Software</u> : Ask learners to say the sound of the letters (A-E) from the alphabet chart in the classroom and then the learners say the sound of the	Software: Select the letter E/e in the Animated Alphabet activity and have learners listen to the animation once. Ask the learners to reproduce the letter sound. Then ask if they can recall any of the words from the software ("Extra enormous elephants, entered the elevator"). Without Software: Say the beginning sound of the letters (A-E) and the selected learner identifies the letter from the alphabet chart in the classroom and produces a word that begins with the sound. <i>Learning Stations</i>	Software: Select the activity Word Counting (level 1) and connect to the story "Darryl! Don't Dawdle." Ask learners to listen to the sentence carefully and repeat it aloud after the software. If the learners are unable, repeat the sentence aloud for them. Finally, learners will clap for each word (i.e., 3 claps for three words). Ask if they can recall any of the words of the sentence that have been said. Repeat for the rest of the activity. Follow up this ABRA activity with additional short sentences where most/all words start with the letter E (example provided in the 'without software' activity below).
letter along with a word that starts with the same sound. Note to share with learners: Just like the letter A/a, the letter E/e and the sound it makes is special. We will learn more about this later.	<b>Group 1</b> : In the software, learners select letter E/e and listen to the animation at least twice. While listening to the animation a third time, invite learners to mute the	Without Software: Say aloud the following phrase and asks the learners to reproduce the phrase: "Elephants entered the elevator". Learners will count how many words are in the phrase.

#### Day 4 (fF)

#### Day 5 (fF)

Introduction/Warm-up Other Instructional Ideas: When introducing a new letter, prompt learners to think about their own names. Does this new letter appear at the beginning, middle, or end of their name?

Software: Sing the alphabet song and point to the alphabet line at the front of the class as you go through each letter stopping at F/f. Ask learners if they know the name of this letter. Then, select the letter F/f in the Animated Alphabet activity and have learners watch the animation once. Ask the learners to reproduce the repeating letter sound. Play the animation a second and third time before asking if they can recall any of the words from the animation.

Without Software: Introduce the lesson by showing learners different letter F/f <u>Image Cards</u> and ask- "What is this?" Some of the pictures can include – first, fish. Ask learners to recognize and repeat the beginning sound they hear.

#### Learning Stations

**Group 1**: In the software, learners select letter F/f from the **Animated Alphabet** activity. Have them watch the Word Matching

Introduction/Warm-up Software: Model to the learners how to select the Word Matching (level 1, 8 cards) and connect to the story "The Little Red Hen." They then match the words with the same beginning sound, when they think they have a match of the cards, they click on the yes button (thumbs up).

Without Software: Introduce the lesson by reviewing the previous letters and new simple words associated with the letters that they have covered in the previous units.

#### Learning Stations

**Group 1**: Instruct the learners to complete the same **Word Matching** activity as modelled in the Introduction/Warm-up. For a challenge, learners can try level 2 and 8 cards once level 1 has been completed.

Alternative: Cut shapes of various sizes from different textured fabrics. Give the children pieces of construction paper. Let them glue the fabric shapes all over the papers. Then have them rub their hands all over the collages and describe the different textures they feel.

#### Day 64 (fF)

Introduction/Warm-up Software: Ask the learners if they can remember any of the words they learned from the first lesson this week. Guide learners to mention 2-3 words that begin with the letter F/f. Guide the learners to the Word Families (level 1) and connect the story "I can move like a..."

<u>Without Software</u>: Ask the learners to draw and have a show and tell of the things they have drawn that have the sound F/f. They can later display them on the wall.

#### Learning Stations

Group 1: In the software, learners do the Word Families (level 1) activity in pairs. Connect the activity to the story "I can move like a..." Learners match the beginning sounds as they hear the word pronounced in the software.

Alternative: Set out feathers or feather dusters and shallow containers of paint. Give each child a piece of large construction paper that is in the shape of a bird. Let the children use the feathers as brushes to paint their birds.

**Group 2**: Provide learners with plain paper, they can

Day 4 (fF)	Day 5 (fF)	Day 64 (fF)
animation more than once. Once learners can identify the F/f sound, ask them to remember at least 2 words from the sentence. Provide additional practice with new sentences, such as "Farha's favourite fruit are figs" and "The fox found four	<ul> <li>Group 2: Textbook page 25; activity F &amp; G.</li> <li>Group 3: Learners complete two squares in the Letter F/f Placemat activity.</li> </ul>	walk around the class and write a list of things in the classroom that begin with F/f like (floor, fan) or they can write down household items (fork, fan, floor). (Be sure to stress the beginning letter of the word).
frozen fish".		<b>Group 3</b> : Learners complete the remaining two squares in

letter comes after H/h. Once the learners get to the letter I/i, show the corresponding <u>Image Cards</u>. Ask learners what the beginning sound is for those words.

#### Learning Stations

**Group 1**: Instruct the learners to do the software activity from the introduction/warm-up. Learners take turns logging in to the software. Have them select I/i in the **Animated Alphabet** activity and listen to the sentence more than once. Then, count the number of times the I/i sound is heard.

Provide additional practice with new sentences, such as "Indra is invited inside" and "Insects instantly make Ishtar itchy and ill".

Alternative: Build an insect using sticks and materials around the class (sticks, pebbles, etc.) Encourage the learners to name the insect with a name that begins with a letter that is familiar to them.

**Group 2**: Learners work with letter I/i Image Cards and <u>Word Cards</u> and match the word to the picture. This can be done in pairs so that they help each other out. Ask the learners to identify the picture they know or have seen before; ask them the first sound they make when saying the word.

#### Day 2 (il)

to the software. They can try level 2 once they are done with level 1.

Alternative: Show learners the <u>Image Card</u> for the word insect. Ask learners to design and draw their own insect in their workbooks. Invite learners to name their insect a name that begins with the letter I/i.

**Group 2**: Select the <u>Image</u> <u>Cards</u> for the words: dish, fish, in and insect. Select 4 other image cards of your choice. Mix the cards and have the learners pick out the cards with I/i sound. Provide the learners with the corresponding <u>Word Cards</u> so they can locate the letter I/i.

**Group 3**: Learners complete two squares from the Letter I/i Placemat activity.

#### Day 3 (il)

learners that this is special ink that only writes words that has the letter I/i in it. Instruct the learners to copy the ink bottle into their workbooks and write a list of words they know have the letter I/i in them. If they are unable to write the word, have them draw a picture.

**Group 2**: Provide learners with plain paper and a few story books. Ask learners to write a list of words in the books that begin with the letter I/i. The teacher should expect words like (is, it, its, it's, in, if).

**Group 3**: Learners complete the remaining two squares from the <u>Letter I/i Placemat</u> activity.

Teacher Note: Please review the placemats and other written activities to identify learners who may be struggling. If they are struggling, consider pulling these learners aside to review concepts before moving on to the next lesson.

Animated Alphabet	Animated Alphabet	Word Matching
Introduction/Warm-up	Introduction/Warm-up	Introduction/Warm-up
Software: Ask the learners if they can recall the sound and	Software: Select the letter M in the Animated Alphabet	Software: Select Word Matching (level 1, 8 cards)

#### Day 1 (mM)

letter name from the previous lesson, use the alphabet line as a prompt if needed. Select the letter M/m in the **Animated Alphabet** activity and have learners watch the animation once. Write the following phrase on the board: "Mighty Marvin met Montreal's Mayor". Ask the learners to read aloud the phrase and clap when they hear the M sound.

<u>Without Software</u>: Teachers ask learners to identify something in the image at the top of page 42. Ask the beginning sound of the word. Say the name of the letter and learners will echo the letter name. Then say some words that start with the M sound i.e., man, milk, mango, mat, map, etc. Write these words on the board and encourage learners to pronounce the words along with the teacher.

#### Learning Stations

Group 1: Instruct the learners to do the software activity from the introduction/warm-up. Learners take turns logging in to the software. Have them listen to the sentence more than once and count the number of times the M/m sound is heard. Provide additional practice with new sentences, such as "Mafi mailed a message and map to Madin" and "The man on the moon made macaroni for mice".

#### Day 2 (mM)

activity and have learners listen to the animation once. Ask the learners to reproduce the letter sound. Then ask if they can recall any of the words from the animation.

<u>Without Software</u>: Teacher says some words and asks learners to clap if they heard the M sound in those words (ant, mango, fish, farm, man, milk, come etc.). Encourage learners to say a word that starts with M sound. Then write the letter M on the board and ask some learners to come and write the letter.

#### Learning Stations

**Group 1**: Learners will watch the animation for the letter M at least twice before repeating the phrase to a partner. Learners take turns logging in to the software.

Alternative: Learners will write the following words in their workbooks and draw a picture beside the word: man, milk, mango, mat, map.

**Group 2**: Draw a special picture for Mother/Ma.

**Group 3**: Learners complete two squares from the <u>Letter</u> <u>M /m Placemat</u> activity.

#### Day 3 (mM)

and connect to the story "When I Open my Eyes". Ask learners to give a thumbs up (same beginning sound) or thumbs down (not same).

Without Software: Give each learner one of the <u>Word</u> <u>Cards</u> that start with the letter M (mail, mat, mice, moon, morning). They draw a picture to illustrate the M word you've given them. Then they provide the picture to a peer who has to guess what word they drew.

#### Learning Stations

**Group 1**: Instruct the learners to do the software activity from the introduction/warm-up. Learners take turns logging in to the software. Have them write down any words in the activity that have the letter M/m.

Alternative: Learners will be provided a paper and ask them to draw a mask. Tell them M/m is for Mask. Encourage the learners to give their mask a name that starts with the letter M/m.

**Group 2**: Provide learners with letter M/m <u>Image Cards</u> and <u>Word Cards</u> (mat, me, meat, mice, moon, morning). Ask learners to match the word to the picture.

**Group 3**: Learners complete the remaining two squares for the Letter M/m Placemat activity.

Day 1 (mM)	Day 2 (mM)	Day 3 (mM)
Alternative: Learner will try to recall a word that starts with M sound. If a learner is unable to think of a word, remind them of the M/m sound. Then the next learner will try another word. This will continue. Learner will trace the M letter on the bench, table or in the air with their finger a few times for practice.		Teacher Note: Please review the placemats and other written activities to identify learners who may be struggling. If they are struggling, consider pulling these learners aside to review concepts before moving on to the next lesson.
<b>Group 2</b> : Learners will draw a picture of an image that starts with the letter M sound and try to write the word below the picture. Provide learners with letter M/m <u>Image Cards</u> and <u>Word</u> <u>Cards</u> (mat, me, meat, mice, moon, morning) to use as a guide.		
<b>Group 3</b> : Textbook page 42- 43, activity A, B (the M words) & D (letter M tracing).

<u>Software</u> : Sing the alphabet song and point to the alphabet line at the front of the class as you go through each letter stopping at N/n. Ask learners if they can identify the letter that comes next. Select the letter O/o in the <b>Animated Alphabet</b> activity and have learners watch the animation once and write those words on the board. Ask the learners to reproduce the letter sound. Then ask if they can recall any of the words from the animation: "Officer Oscar offered olives to Olly". <u>Without Software</u> : Teachers	Software: Select Word Families (advanced: -ot) and connect to the story "Henny Penny". Ask learners to give a thumbs up (same beginning sound) or thumbs down (not same). Repeat the activity and choose a new level (advanced: -ock). <u>Without Software</u> : Teacher says two words, beginning with N & O sounds (Net and Ox) respectively. Then the learners identify by giving a thumbs up (same beginning sound) or thumbs down (not same). Produce another two words (Orange and Pen) that start with O & P sounds	Software: Start with the Word Changing (level 1) and connect to the story "The Dove and the Ant". Ask learners to listen closely to the software and identify the letter that needs to be removed to make the new word. Repeat a few times so the learners can do this in the learning station. <u>Without Software</u> : Provide learners with the <u>Image</u> <u>Cards</u> . Go through each picture and ask learners to identify which picture begins with the letter O/o.
ask learners to say the sound	respectively. Since some of	Learning Stations

#### Day 1 (oO)

of the letters (M-O) from the Alphabet chart and then the learners say the sound of the letter along with a word that starts with the same sound.

Note to share with learners: Be sure to share with the learners that O/o is another one of those special letters with a special sound. We will learn more about this later.

#### Learning Stations

**Group 1**: Learners take turns logging in to the software and watch the animation for the letter O/o.

Provide additional practice with new sentences, such as "Otter and Octopus ordered olives in October" and "Omja often offers odd options to others".

Alternative: Each learner will identify an object that is orange in the class or at home. Then, the learner draws these objects, colours them orange and writes the letter O/o below the drawing.

**Group 2**: Learners will recreate the animation from the software by drawing some of the details. Invite learners to copy the phrase from the board below their drawing.

**Group 3**: Textbook page 48-49, activity A, B (the O words) & D (letter O tracing).

#### Day 2 (oO)

these letters haven't been taught, be sure to take the time to say the words aloud a few times. Sometimes teacher select the same initial sound by O sound and produce the different words i.e. on and off.

#### Learning Stations

**Group 1**: In the software, learners complete the activity twice and choose the same levels as modelled in the warm-up: advanced (-ot and ock).

Alternative: Provide learners with a list of words on the board: cop, hop, pop, sop, and top. Have learners write these words in their workbooks. Since some of these letters haven't been taught, be sure to take the time to say the words aloud a few times. Once the learners have written the words in their books, have them circle the letter o and read aloud the new words with their peers.

**Group 2**: Learners will identify three words from their textbook that start with the letter O/o and write those words in their notebook.

**Group 3**: Learners complete two squares from the Letter <u>O/o Placemat</u> activity.

#### Day 3 (oO)

**Group 1**: Instruct the learners to do the software activity from the introduction/warm-up and select level 2. Encourage learners to say the words aloud, this will help them identify new words. Learners take turns logging in to the software.

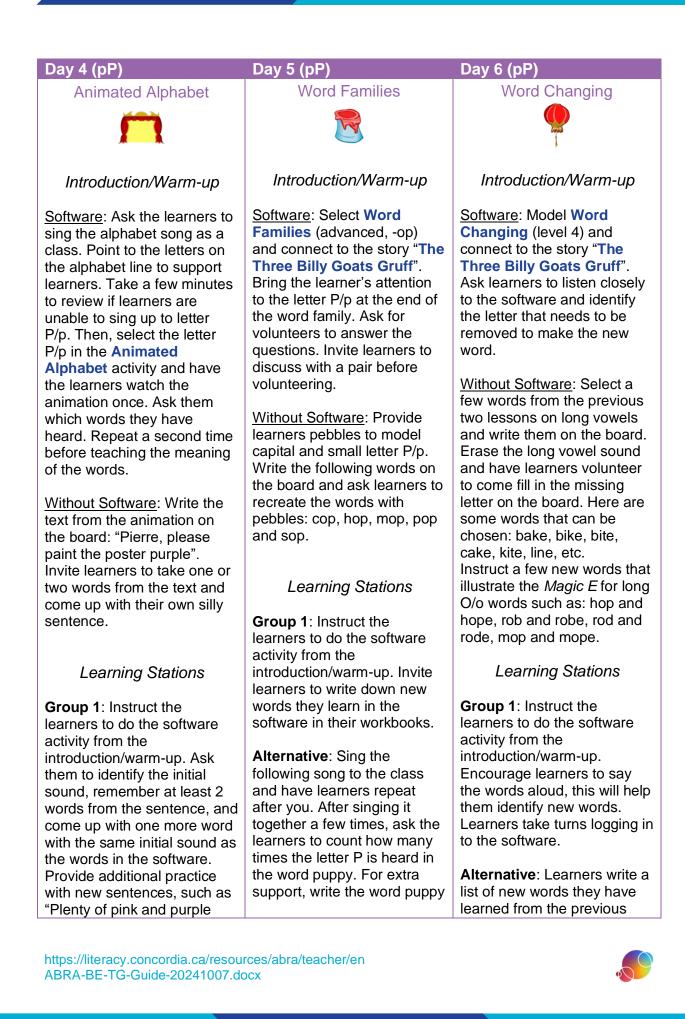

Alternative: Prompt learners to think about their own names. Does this new letter (O/o) appear at the beginning, middle, or end of anyone's name?

**Group 2**: Learners will draw a picture of an object that starts with the O/o sound and draw another picture that has O/o sound in the middle.

**Group 3**: Learners complete the remaining two squares from the <u>Letter O/o Placemat</u> activity.

Teacher Note: Please review the placemats and other written activities to identify learners who may be struggling. If they are struggling, consider pulling these learners aside to review concepts before moving on to the next lesson.

### Day 7 (zZ)

### Day 8 (zZ)

Alphabet Song & Animated Alphabet

### Introduction/Warm-up

Software: Ask learners to start the lesson by singing the alphabet song. Select a learner to point to the alphabet line as their classmates sing. Be sure to review letters that the learners miss while singing. Select the letter Z/z in the Animated Alphabet activity and have learners listen to the animation at least twice. Ask the learners to reproduce the letter sound. Then ask if they can recall any of the words from the animation.

Model how learners will complete Learning Station, Group 1 with their peers.

Without Software: Show the learners the <u>Image Cards</u> for the following words: zebra, zero, zipper, zombie and zoo. Distribute the corresponding <u>Word Cards</u> to small groups of learners. Work together to match the word card to the image card.

Introduction/Warm-up

<u>Software</u>: Select Letter Sound Search (level 2 lowercase). Ask a volunteer to find the correct letter as prompted by the software.

Model how learners will complete *Learning Station, Group 1* with their peers.

Without Software: Project the Letter Sound Search – Level 2 (Lowercase) activity so all learners can see the picture. Call out one letter at a time, and ask for a volunteer to find the letter in the picture. Reinforce the sound the letter makes and write it on the board. Then move on to the next letter.

### Learning Stations

**Group 1**: Learners select Letter Sound Search and level 2 and lowercase letters. Encourage learners to work together to find the hidden letters.

### Introduction/Warm-up

Software: Select Auditory Blending (level 3) and connect to the story "Henny Penny". Repeat the sounds from the software by clicking on the green bird. Model an error for the learners, show how the letters appear as a guide after the second error. Ask for a volunteer to select the correct picture.

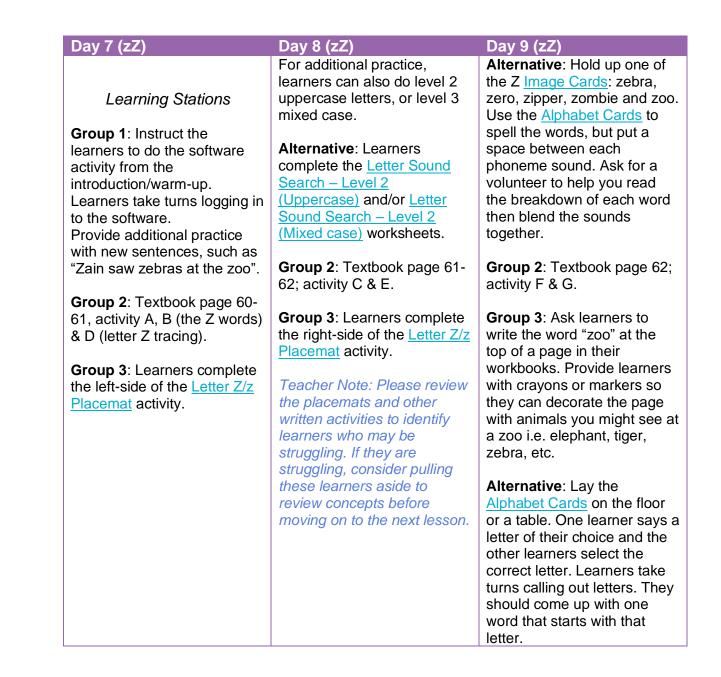

Without Software: Teacher writes the following sentence on the board, says it aloud, then asks the learners to count the number of words in the phrase: "Zidan zigzagged around a zillion zombies". Then ask learners to identify the letter Z/z.

### Learning Stations

Group 1: Learners select Auditory Blending (level 3) and connect to the story "Henny Penny". Encourage learners to work together.

# **Review & Vowel Teams**

Review (A-E)		
Day 1	Day 2	Day 3
Animated Alphabet	Animated Alphabet	Assessment 1 (A-E)
Review (A-C)	Review (D-E)	Teacher will instruct the whole class to write letters from A/a to E/e (capital and
Introduction/Warm-up	Introduction/Warm-up	

#### Day 2

<u>Software</u>: Play the animation for letters A/a, B/b, and C/c in the **Animated Alphabet** activity. Have learners repeat the phrase and count the number of times the respective letter sound is heard.

Without Software: Produces sounds from letters A/a-C/c and asks learners to say the name of the letter. After a couple of examples, say letter names from A/a-C/c and ask learners to say the sound of that letter. Do it a couple of times until all the letters A/a-C/c are done.

### Learning Stations

**Group 1**: In pairs, learners watch the animation for letters A/a, B/b, and C/c in the **Animated Alphabet** activity. Then, one learner produces the sound of letters A/a-C/c and another learner will say the name of the letter. Then, learners switch roles. After, learners are to brainstorm words that start with letters A/a-C/c.

**Group 2**: Learners will work with <u>Image Cards</u> and <u>Alphabet Cards</u> (A/a-C/c) to produce beginning sounds and names with those letters. Then learners will arrange capital letters in one line and small letters in another line.

**Group 3**: Provide learners with 6 of the <u>Image Cards</u> or <u>Word Cards</u> that has a word that starts with the letters A- <u>Software</u>: Play the animation for letters D/d and E/e in the **Animated Alphabet** activity. Have learners repeat the phrase and count the number of times the respective letter sound is heard.

Without Software: Teacher says two words, beginning with D/d & E/e sounds respectively and the learners identify words and give a thumbs up (same beginning sound; dog and dot) or thumbs down (not same; dog and egg). Repeat the activity about 5 times. As a challenge, select the same initial sound, but a different ending sound. For example: cat and cap.

### Learning Stations

**Group 1**: In pairs, learners watch the animation for letters D and E in the **Animated Alphabet** activity. Then, one learner will produce the sound of letters D/d and E/e, the other learner will say the name of the letter. Then, learners switch roles. After, learners are to brainstorm words that start with letters D/d and E/e.

**Group 2**: Learners write any letter from A/a-E/e on another learner's back. The other learner guesses the letter name their partner draws. The entire group will do the activity in pairs.

**Group 3**: Learners write A/a-E/e letters in their notebook.

### Day 3

small letters) on a piece of paper.

As the learners write, the teacher will go one by one to each learner and ask Assessment 1

#### questionnaire:

- Asks the learner to pronounce the SOUNDS of following letters:
   C b a c E e A B D
- 2) Asks the learner to tell NAMES of following letters:
  - EdaeBcbDA
- 3) Asks the learn to WRITE the letters from A/a-E/e

Once learners have completed the assessment, instruct the class to draw objects that begin with letter A-E in their workbooks as the teacher completes the assessment with the rest of the group.

	-

Wide and side are also rhyming words. Group 3: Each member of the group is given a letter	
<b>Group 3</b> : Provide learners with 6 of the <u>Image Cards</u> or <u>Word Cards</u> that has a word that starts with the letters F-J. As a group, they tell a short story using all 6 words.	from F-J. They need to find all of the <u>Word Cards</u> that start with their letter (there are 10 for F, 10 for G, 8 for H, 2 for I, and 3 for J). When they think they've found them all, the read aloud the cards to their team. For an added challenge, you can have them find all cards that contain their letter anywhere in the word.	

# Review (K-O) & Introduction to Long Vowels

Day 1	Day 2	Day 3
Assessment 3 (K-O)	Word Families	Word Changing
Teacher will instruct the whole class that everyone starts writing from K to O (capital and small letters) on	Introduction to Long Vowels	Introduction to Long Vowels
a piece of paper	Introduction/Warm-up	Introduction/Warm-up
	Sample introduction:	

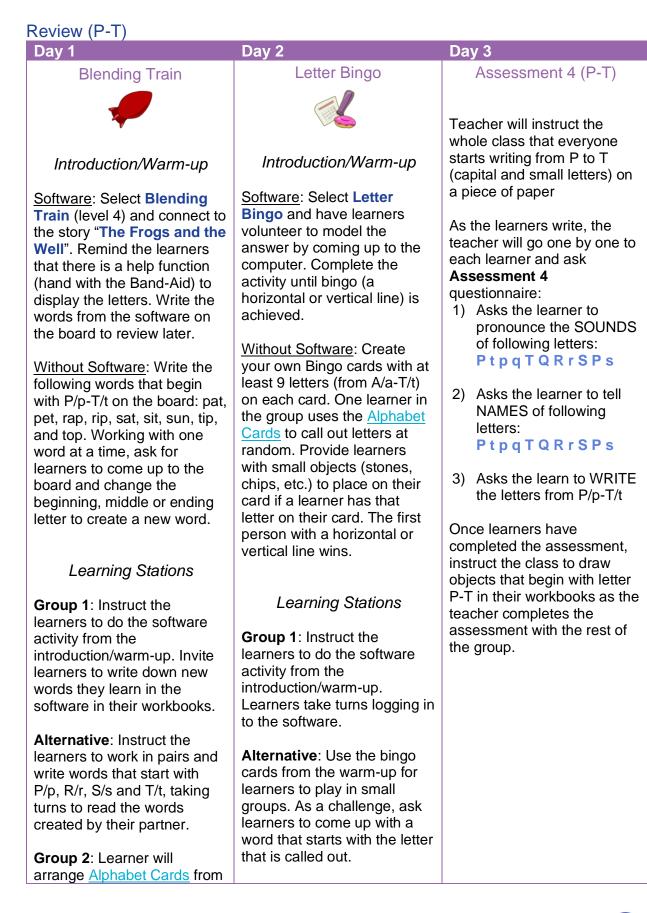

Day 1	Day 2	Day 2
Day 1 As the learners write, the	Day 2 1) Say: "Remember how I	Day 3 Software: Model Word
<ul> <li>As the learners write, the teacher will go one by one to each learner and ask</li> <li>Assessment 3 <ul> <li>questionnaire:</li> <li>1) Asks the learner to pronounce the SOUNDS of following letters:</li> <li>K o L n M O k I N m</li> </ul> </li> <li>2) Asks the learner to tell NAMES of following letters: <ul> <li>K o L n M O k I N m</li> </ul> </li> <li>3) Asks the learn to WRITE the letters from K/k-O/o</li> <li>Once learners have completed the assessment, instruct the class to draw objects that begin with letter K-O in their workbooks as the teacher completes the assessment with the rest of the group.</li> </ul>	<ol> <li>Say: "Remember how I told you that "I" is a special letter? I want to talk a bit about I's friends, A, E, and O. These letters make more than one sound, but they need help to do that. One helper letter is the <i>Magic</i> <i>E</i>. The <i>Magic E</i> can go at the end of the word, and it makes the letter change its sound to say its name (i.e. can changes to cane). Listen carefully "can, cane." At this point, have the letter E/e on a stick and place it at the end of the word "can" to allow children to see the E/e added to and taken away from the word 'can'. Be sure to repeat this at least three times visually while saying the words. "Can you hear how <i>Magic</i></li> </ol>	Software: Model Word Changing (level 3) and connect to the story "The Dove and the Ant". Ask learners to listen closely to the software and identify the letter that needs to be removed to make the new word. Repeat a few times so the learners can do this on their own in a learning station. <u>Without Software</u> : Review how the short vowel sound becomes long when the <i>Magic E</i> is added. Use your <i>Magic E</i> stick to model what happens to the word when the E added and removed. Ask the learner to use the <i>Magic E</i> stick to make words with the <i>Magic E</i> : can/cane, cap/cape, hat/hate, tap/tape, rat/rate.
	<ul> <li><i>E</i> changes the sound of the letter A?"</li> <li>2) Continue the above exercise by attaching the letter "E" to a stick and tell the learner that this is the <i>Magic E</i>. Ask the learner what happens when you add "E" to the end of the following words: cap, man, tap, pan (cap becomes cape, man becomes mane, etc.). If resources permit, have learners create their own <i>Magic E</i> stick.</li> <li>3) Review how the short vowel sound becomes long when the <i>Magic E</i> is added. Show the learners words that already have the <i>Magic E</i> (i.e. bake</li> </ul>	Learning Stations Group 1: Instruct the learners to do the software activity from the introduction/warm-up. Encourage learners to say the words aloud, this will help them identify new words. Learners take turns logging in to the software. Alternative: Provide learners with the <u>Alphabet Cards</u> and a blank piece of paper with - ite written on it. Using the cards as a support, instruct learners to make as many words as they can that end in -ite? Invite learners to write down these words in their notebooks.
