

THE STORY OF ELLI AND ELLA

Julia Zucker

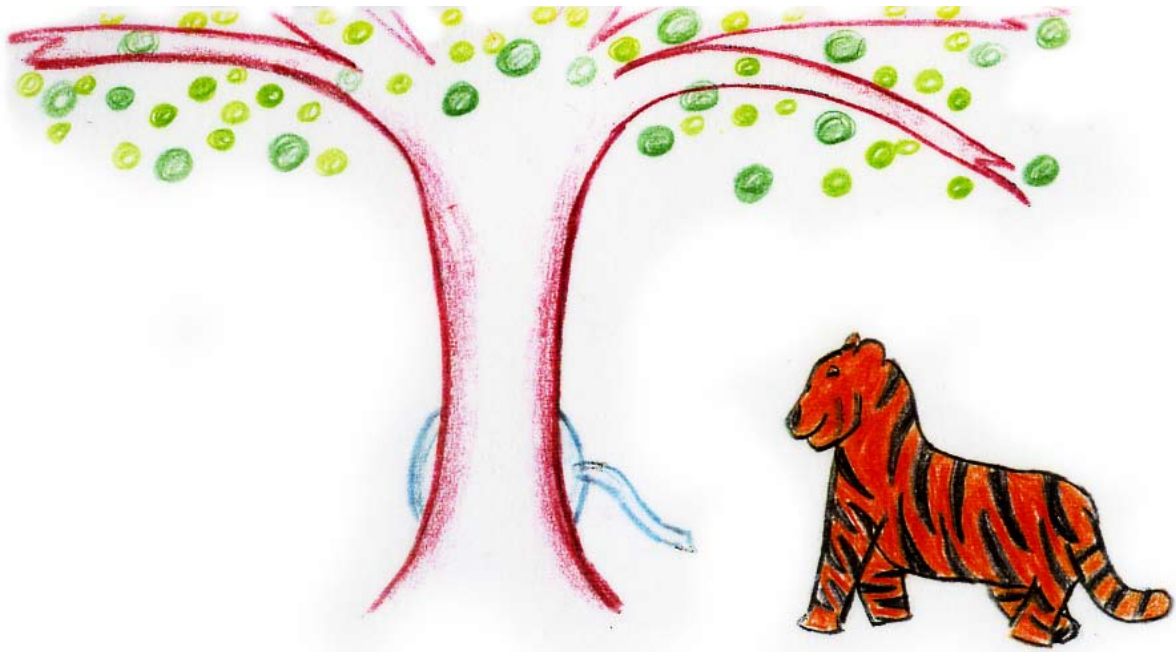

This is the story of two elephants Elli and Ella. Elli and Ella are best friends and have been best friends for as long as they can remember.

Elli and Ella love to do just about everything together. Most of all, they love to play in the rain.

Then one day Ella began spending some time with the new tiger in the neighbourhood named Terryn. Terryn was an energetic and fun tiger that introduced Ella to many exciting games such as hide and go seek. They played this for hours in the forest.

While Ella and Terry were playing lots of fun games together, Elli would be all alone. Elli began to feel lonely for she was losing her best friend.

Ella was so busy with her new friend Terryn that she began to forget just how much fun she and Elli used to have and how they had been best friends for such a long time.

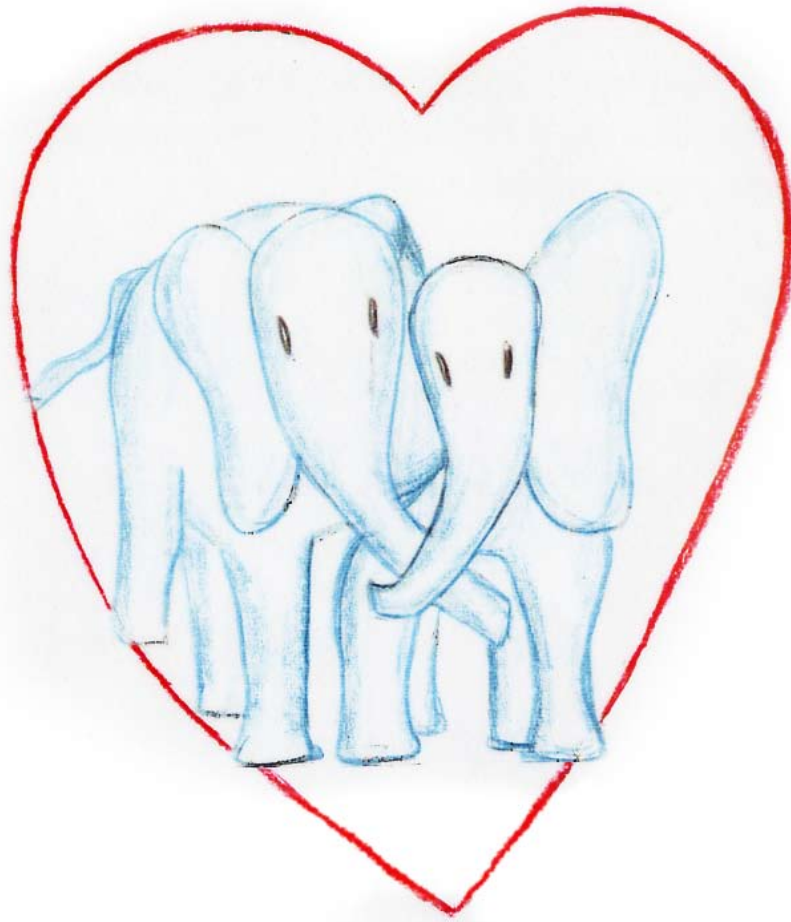

Then one rainy day, a day when Elli and Ella would have played together, Elli began to think of Ella. That same day, Ella began to think of Elli and how she missed playing with her very much.

While Ella was sitting on one side of the river and Elli sat on the other, at the same moment they looked up and walked towards each other. With their trunks in the air they both yelled, "I MISS MY BEST FRIEND!"

Then just like that, as they were walking towards each other, they knew they would always be best friends.
